## THE TRAIN HAS ARRIVED.

Freshwater Railway is Southeast Michigan's  
Regional Rail System. From Dexter to  
Davisburg, Mt Clemens to Monroe, it's never  
been easier to access your favorite places.

Not so long ago, our region suffered from a  
severe shortage of choices. We poured billions  
into a long-outdated transportation system  
that focused almost completely on cars. Core  
cities shriveled, natural green spaces became  
generic paved spaces - all while personal and  
public expenditures on transportation soared.  
For all of this, our population stagnated and our  
economy sputtered.

Freshwater Railway is part of the solution.  
We're one component of an emerging multi-  
modal transportation network. It's a smarter,  
more flexible, less costly path to economic  
growth and personal choice. The new network  
absolutely includes cars - just as it includes  
trains, planes, buses, bicycles, boats, horses,  
feet, and anything else that moves you.

Transportation choices affect your lifestyle.  
And we think that choice should be yours.  
Welcome aboard.

## The ORIGINAL cheap ride to Metro Airport.

We've been at it since 2002,  
providing an easy, affordable  
option to Metro Airport for the  
the U-M campus community.  
Like seriously. Like for real.

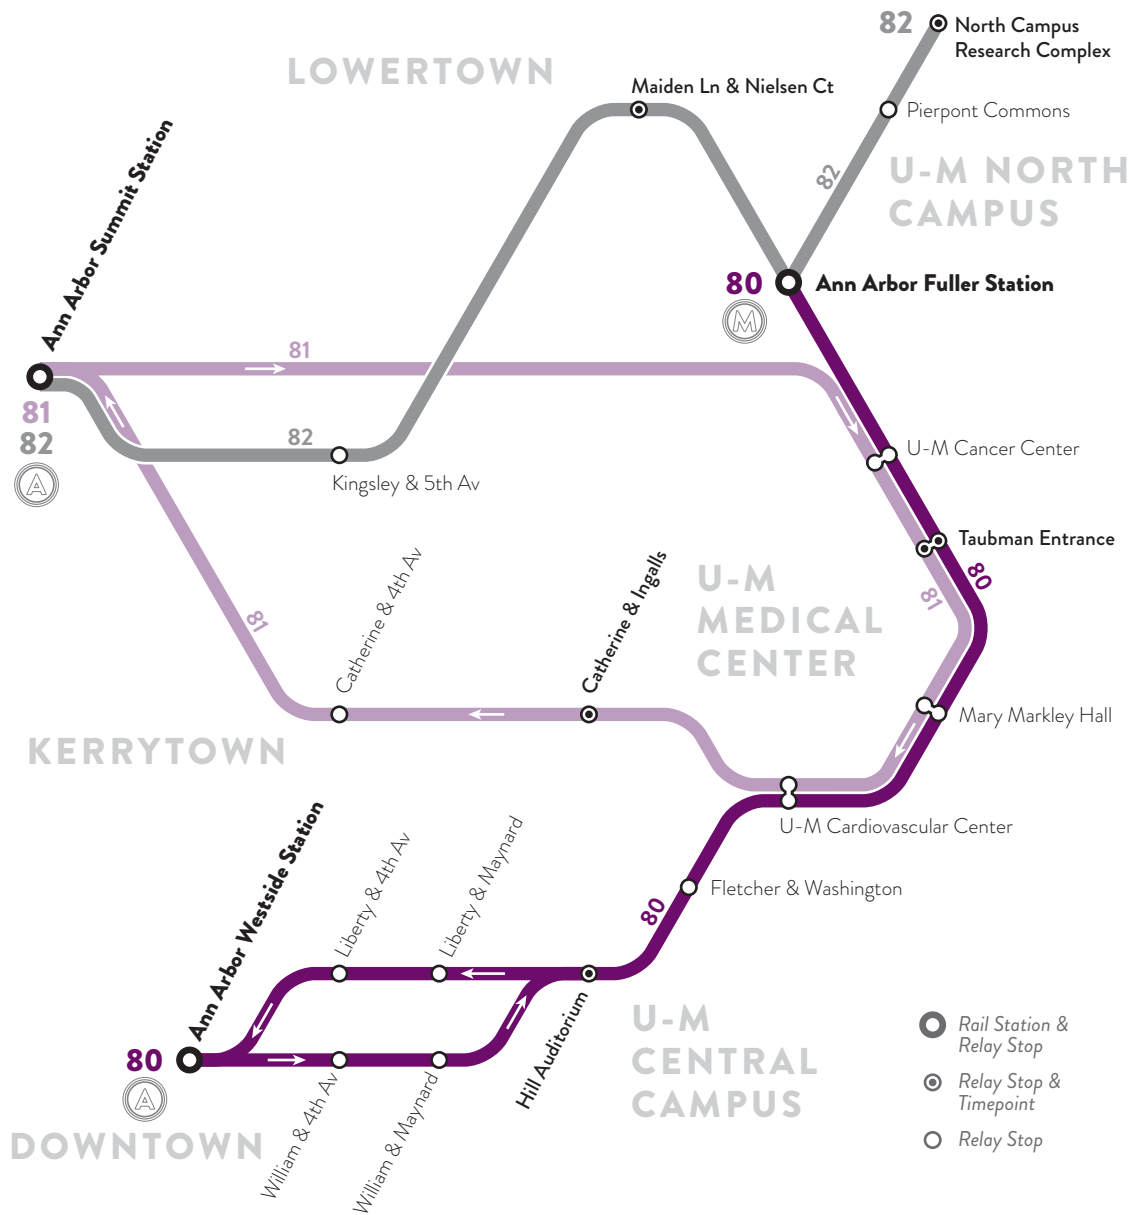

When U-M goes on break, check out  
airBus for direct, campus-to-terminal  
service. And on other days, use the  
Freshwater Railway Michigan Line!
